My Clean Sky
PO Box 1203 Townsville
4810 Queensland

Hello Guy,

Cafalo P/L is a property development and management firm with interests in New South Wales and Queensland.

One of development sites has for a long time been flagged as a suitable site for a visionary sustainable project that we call **greent**.

greent is planned to provide over 3,000 square meters of commercial and retail space with frontage on Sturt Street and the Flinders Mall.

It is a visionary project that seeks to bring world class sustainable technology and design into the heart of Australia's leading sustainable city.

Negotiations with a number of parties are ongoing and requires regular air travel between Sydney and Townsville.

Acknowledging the carbon footprint of this travel we are pleased to offset these emissions with My Clean Sky.

Regards

Bill
