Dear Guy,

RE: My Clean Sky Carbon Offset

The Giudes Group – Escape Travel is proud to be associated with My Clean Sky Carbon Offset Program.

More and more the general public is recognising their responsibility to the environment, and this includes when they travel for work or leisure.

We are pleased to sell My Clean Sky carbon offset to our clients across the group in conjunction with their travel arrangements.

We also recognise the importance of working in partnership with other local North Queensland business to support our local economy, and MCS certainly fits this description.

We look forward to a positive ongoing relationship with My Clean Sky and yourself.

Kind Regards

Debbie Giudes
Managing Director
